

Mobile solutions for manufacturing.

Tough devices to keep production on track.

In an industry in which process management and quality control are vital for business, instant and reliable communication is essential. Mobile solutions from Bell allow your production line workers, supervisors, delivery staff and management to work together more productively to ensure that tasks are assigned and delivered on time and on budget. Bell also offers mobile solutions that allow you to manage your assets and inventory, giving you greater control over your operational expenses.

Asset management.

Monitor and track your equipment and inventory.

- Enhance customer experience by tracking real-time delivery status
- Receive real-time diagnostic alerts to optimize vehicle maintenance and reduce repair costs, allowing you to keep your assets on the road longer
- Prevent theft of materials and equipment

Push-to-talk.

Connect instantly with the push of a button.

- Keep in immediate contact with employees and suppliers in Canada and the U.S.
- Assign tasks, get status reports and coordinate employees with a push of a button
- Make PTT calls with up to 249 people at once, while simultaneously checking emails
- Make ad hoc group calls with assemblers, operators, material handlers, or supervisors

Fleet management and dispatch.

Track your vehicles in real-time.

- Cut fuel costs by planning efficient routes and managing engine idling in real-time
- Minimize cargo spoilage with up-to-the-minute temperature alerts
- Keep customers informed of delivery status in real-time and shorten delivery times

Digital forms and workforce management.

Collect work data on site and send to the office instantly.

- Improve quality control inspections by creating custom forms
- Dispatch work orders to teams on the floor and in the field
- Mobilize inspection processes to decrease manual paperwork and paper costs
- Capture signatures on your mobile device and send a delivery confirmation instantly

Samsung Galaxy S4™

Why choose mobile solutions from Bell?
